Worthy Student Scholarship Program Application

The Worthy Student Scholarship Program was established to offer financial assistance to families who desire the opportunities offered at Grace Christian Academy, but lack financial resources for full tuition.

The Scholarship Program is fully funded by donations, therefore will be offered only as long as funds are available. The maximum amount of scholarship that may be rewarded to a student will cover up to half of the tuition. All incidental and PACE fees will be billed as normal. The scholarship is good for one academic year. This scholarship will be applied to the child with the lowest tuition.

Commitment and sacrifice are standard for all families who choose the path of Christian education, whether giving money to the fund or desiring the benefits of its scholarship.

In order to keep this scholarship, the student must remain in good standing each academic quarter as follows:

- Complete at least 3 PACEs in each prescribed subject area.
- Maintain a minimum 88% average.
- Demonstrate an attitude of co-operation toward staff and procedures.

Should these requirements not be met, the scholarship may be revoked and you will be responsible for the full tuition and fees.
